

**EUSOFT.LAB 10**  
**TRANSFORM YOUR LABORATORY**  
*LIMS Software as a Service*

*A 10-point guide to innovation*

## 1. PROGRESS IS ACHIEVED WITH SIMPLE SOLUTIONS

Eusoft.Lab SaaS LIMS is easy to implement and can be accessed and used over the Internet.

## 2. WINNERS ARE ALWAYS READY TO CHANGE

With Eusoft.Lab SaaS LIMS, as the needs of the laboratory change, you can turn on or off at any time new users, new features, storage space, etc.

## 3. DON'T BE AFRAID TO PUSH BOUNDARIES

Through Eusoft.Lab LIMS as SaaS, the laboratory can perform operations such as accepting samples, entering results or issuing test reports quickly and immediately from any location and from any mobile device (smartphone, tablet..).

## 4. KEEP ABREAST OF THE TIMES

In a market where most of the legacy LIMS systems are now at the end of their life cycle, the SaaS technology is becoming an effective way to solve the problems of obsolescence. With Eusoft.Lab SaaS LIMS, updates are applied to all clients automatically by the seller at no cost.

## 5. GET MAXIMUM RESULTS WITH MINIMUM EFFORT

With Eusoft.Lab SaaS LIMS, the laboratory don't have to invest resources for the purchase and maintenance of technology infrastructure. The service provider supplies all hardware and software resources necessary for the operation of the service.

## 6. INTEGRATION MATTERS

Eusoft.Lab SaaS LIMS can be integrated with other systems (eg accounting) and ERP - Enterprise Resource Planning (eg SAP).

## 7. SHARING IS THE KEY TO SUCCESS

The SaaS approach natively enables end users and customers to increase collaboration between them.

## 8. PUT YOUR CUSTOMERS FIRST

Eusoft.Lab SaaS LIMS allows customers free access to their results and improves their satisfaction.

## 9. THE MORE LANGUAGES YOU SPEAK, THE MORE GOALS YOU CAN ACHIEVE

Eusoft.Lab SaaS LIMS is a multilanguage system. Whatever language you speak, Eusoft.Lab SaaS LIMS is able to communicate with you!

## 10. PAY ATTENTION TO SAFETY

Cloud computing poses new challenges in terms of security and privacy of personal data. Eusoft recognizes the value of data and for this reason relies on Microsoft Windows Azure platform, which is one of the most reliable cloud computing infrastructures available.
